

Template for Evidence(s) UI GreenMetric Questionnaire

University : Srinakharinwirot University (Ongkharak Campus)
Country : Thailand
Web Address : https://www.swu.ac.th/en/gen_info.asp

[2] Energy and Climate Change (EC)

[2.3] Smart Building implementation

Automatic doors (Administrative Building)

Fingerprint scanners (Administrative Building)

Description:

According to the importance of smart building, SWU has already installed plenty of equipment counted as smart building around the campus and monitors them with Building Management System (BMS). Disappointedly, last year SWU didn't have enough time to provide the data for the submission. This year SWU's working team, however, provides sufficient evidence for smart building. That is, the total area of smart buildings on the campus accounts for 155,489 square meter (m^2) out of total area of the buildings of 299,690 square meter (m^2). Thus, the ratio of smart building to total building area is 51.89 %.
